feel the OO

RECOVER FASTER WITH OOFOS

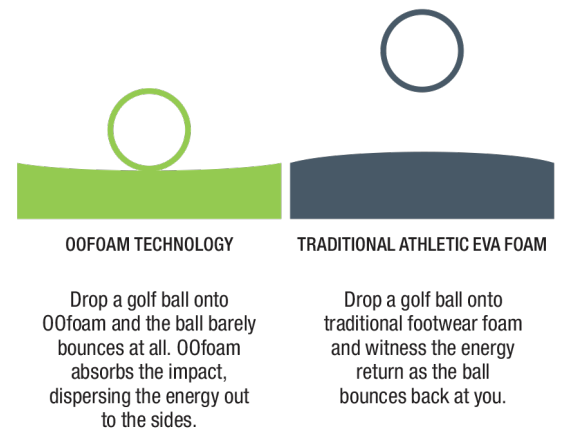

OOFOAM™
TECHNOLOGY

Made with proprietary OOfoam™ technology, OOFOS absorb 37% more impact* than traditional foam footwear materials for the perfect blend of cushion and stability.

Then there's our patented footbed. It cradles and supports arches. Together, they reduce energy exertion in the ankles by up to 47%* when compared to competitors' footwear. So walking is easier. Recovery is faster. And yOO actually feel better.

* Based on a 2018 University of Virginia laboratory study.

OOtex 4-way stretch mesh upper conforms to your foot aiding in the recovery process.

Stretchable StableStrap adds support and stability without binding.

00mg Bootie

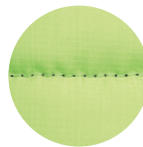

STYLE NO. 6070 | MSRP / MAP: \$179.95
W 5-12

The first fully closed boot to feature OOfoam technology!

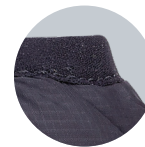

- DWR treated (durable water repellent)
- Feature a lightweight, yet durable, quilted upper
- An innovative extension to the OOmg series for colder weather

UPPER MATERIAL: A polyester fabric renowned for softness and generally used for outerwear apparel. The material is comfortable to the touch, lightweight, and highly pack-able.

INTERIOR: Synthetic Italian foam similar to a soft cotton ball.

ELASTIC CUFF: The cuff holds the upper comfortably in place.
